Tales OF TWO CITIES

WE TAKE A TRIP

It was quite a struggle but we managed to leave the Upland- Ontario district yesterday and found ourselves for lunch at the Fontana Woman's club at a meeting of the Rotary club. And it proved to be quite an informative as well as enjoyable two hours so we'd like to pass on some of it to you.

ON GERMANY

There were three foreign students from San Bernardino Valley Junior college on the program, one of them a girl from Germany. She received her high school education over there during the Nazi regime and is now a naturalized American. Her comments were quite revealing.

She feels strongly that democracy can not be taught to the Germans because they have been too long steeped in the tradition of always "being told what to do" from the days of Bismark.

The policy of dividing Germany into three zones— American, British and Russian— will not work. The Germans are used to being told en masse.

Education in that country is based on the principle that students must not think for themselves but accept everything that the teachers tell them.

Only the wealthy can afford to send their children to high school.

There was very little opposition to the Nazis during the height of their reign and people accepted hardships because they really believed that they would soon rule the entire world.

These were the highlights of what she told us and prefaced her remarks with the comment that, "I know its hard for you here to realize that such things could happen but Europe is full of old traditions. Your country was built from the ground up by people who with determination dug into the dirt to establish a democracy."

That is something to remember when all of us, at times, become disgusted with the uncertainity and confusion of the times. We forget that for the past decade the world has nearly been torn from its roots by its wild sprees and we are just beginning to feel the "hangover." We survived the holocaust: certainly we should be able to withstand the aftereffects.

PALESTINE

There was also a Jewish student at the Fontana Rotary club and his observations on the Palestine situation are also of some interest in the light of the present situation there.

He very definitely stated that the Jews and Arabs can get along but that it is the Arab chieftains and some British officers who are stirring them up.

Education in Palestine is supported and paid for by the Jews themselves through taxes imposed by the Jewish agency. And education is nationalistic in emphasis in that every student assumes that Palestine is the homeland for the Jews.

Asked what he would do about the Arabs, he commented that the Jews were still in the minority and that they could do nothing but try and get along with them. What the Jews would do when they became the majority he did not say.

BRITAIN

The remaining speaker was an English student but his remarks need not be elaborated since most people probably know more about British education than any other country in Europe. However, one significant point he made was that

Union-Owner Advisers To Help Army Run Railroads

Trains Running On Normal Basis; All Bans Lifted

WASHINGTON (AP) — Army Secretary Royall, boss of the railroads government operation, said today he will name a union-management advisory board to help him run them.

Royall reported to a news conference that the roads are operating in normal fashion. Bans against shipment of perishable goods— such as livestock and fresh produce—were lifted. Most railroads put on such bans last week-end because of the strike called by three operating brotherhoods for 6 a.m. (local railroad time) today.

The unions withdrew their strike order last night after the government seized the railroads and got an order from Federal Judge T. Alan Goldsborough for-

(Continued on Page 3)

Western Trains On Schedule

SAN FRANCISCO (AP) —Traffic moved "on schedule" along the far west's rail lines today as engineers, firemen and switchmen observed the calling off of the nationwide strike.

Spokesmen for the Southern Pacific, Western Pacific, Union Pacific, and Santa Fe reported trains moving normally as the walkout deadline passed.

All three roads announced lifting of an embargo on shipment of livestock and perishables. The rich California produce crops, lettuce at Salinas and potatoes at Bakersfield, began their eastbound movement in cars already spotted at icing plants.

"Things are really humming," a Southern Pacific spokesman reported. He said extra trains were being made up to carry off the backlogged produce.

At Los Angeles the Southern Pacific reported 22 carloads of lettuce moved east from the Santa Maria valley and the Santa Fe said several carloads of celery were shipped following the embargo lifting.

Dispatchers said freight loads were "somewhat lighter" than normal because of the earlier embargoes.

All passenger trains left on schedule last night and normal passenger schedules were expected today.

ANNOUNCES RAILS SEIZURE

Charles Ross (extreme right) presidential secretary, announces details of President Truman's seizure of the nation's railroads in a move to prevent stoppage of traffic. Newsmen at the White House mill about for the statement. (AP Wirephoto)

TRUMAN SAYS

Bid To Russia No New Departure of U.S. Policy

WASHINGTON, (AP)—President Truman said today that the American bid to Soviet Foreign Minister Molotov for "decent and reasonable relations" between the two countries "represented no new departure in American policy."

Its purpose, Mr. Truman said in a formal statement, was to make it "unmistakably clear that the United States has no hostile or aggressive designs whatsoever with respect to the Soviet Union."

The President's statement did not indicate whether the note of Ambassador Walter Bedell Smith to Molotov May 4 might be construed as an American proposal for discussion and settlement of existing differences between the two nations.

The two main points of the statement by Smith, Mr. Truman said, were these:

1. "The policies of the United States government in international questions have been made amply clear in recent months and weeks. They have the support of the overwhelming majority of the American people. They will continue to be vigorously and firmly prosecuted."

2. "On the other hand this government wishes to make it unmistakably clear that the United States has no hostile or aggressive designs whatsoever with respect to the Soviet Union."

Soviet Reply

In a response Sunday to Smith's statement, radio Moscow said the Soviet Union is ready to pursue a "policy of peace and cooperation with the United States"

The Soviet further interpreted the Smith note as a bid for "discussion and settlement" with Russia of differences which have split the postwar world.

The Moscow broadcast said Molotov had agreed to the proposal for talks ascribed to the United States."

The state department today dis-

Russians Happy Over U. S. View

By EDDY GILMORE

MOSCOW (AP)—Announcement that Russia and the United States have expressed readiness to try to patch up their quarrels created excitement among the Russian people today. American observers here attached great significance to the development.

Newspaper stands sold out as soon as editions appeared carrying the story. Laborers and office workers on their way to their jobs lined up at the news stands for their copies. Many read the story as they walked along the streets.

The press and radio gave wide publicity to the development, without editorial comment. The newspapers announced that the United States had suggested a two-power meeting to discuss the state of Soviet-American relations, and that Russia had accepted.

The Russian people appeared to welcome the news that "the Soviet government views favorably the desire of the government of the U. S. A. to improve these relations". These were the words of the Tass news agency's version of Russia's statement to U. S. Ambassador W. Bedell Smith.

American observers warn that this, of course, will not solve everything. The Russian note said the Soviet Union is unable

Upland Board Seeks Aid On School Lunches

Application will be made by the Upland board of education for participation in the federal lunch program to be effective with the start of school next fall.

Members of the board, meeting last night, authorized Supt. Harold W. Cook to seek aid, financial and commodities, in order to assure students of noon-day cafeteria service. After 14 years, the Upland PTA has relinquished its responsibility of providing lunches and the board took action as one step in getting ready to maintain the service.

James Hemphill of the state department of education, will be asked to assist in getting the federal aid program started here.

A salary increase of $10 a

Quake Strikes Peru and Chile

LIMA, Peru (AP)—Houses were cracked and adobe dwellings tumbled down by an earthquake early today in southern Peru and northern Chile. Some casualties were reported.

The first shock was reported at Arequipa, about 500 miles southeast of Lima, at 3:55 a.m. eastern standard time.. That city is the capital of a department of the same name and has a population of 79,185.. A second quake occurred about 4:30 a.m., and lasted for 40 seconds. A third followed at 7:30 a.m. A dust cloud was left over the city.

Several houses were razed by a strong tremor at Moquegua, about 75 miles southeast of Arequipa, where several casualties were reported.

'Golden Bear' Returns Home

SAN DIEGO (AP)—California's maritime training ship Golden Bear came home today from its goodwill milk trip to Europe.

The Golden Bear delivered its relief cargo to needy children of France, Greece and Italy. It called at the ports of nine foreign countries.

Lampton Resigns As Motor Vehicle Head

SACRAMENTO (AP)—Edgar E. Lampton, state director of motor vehicles since March, 1946, has resigned, Governor Warren announced today.

Warren said he will be replaced by A. H. (Gus) Henderson, deputy director of public works, who started state service as an office boy in the motor vehicle department in 1918 and has worked up through the civil service to his present position.

NO. 5: THIS CHAFFEY SITUATION

Just What Is 'Really' Wrong With The Business School

(This is the fifth in a series of 10 articles designed to clarify the existing "Chaffey Situation" by presenting in an impartial and objective manner both sides of the controversy. It is hoped that this series will bring about a better understanding of the entire problem to people in the Chaffey district.)

By STEVE KALAGIAN
Managing Editor, The Daily News-Herald

Twice in three months the Chaffey college business department has been "under fire," not by the public but by the Chaffey administration itself.

The first evidence that something was "wrong" came last January when the superintendent reported to the board that the commerce school was "loosely organized" and "academic" rather than "practical." Asserting that it was one of the weakest departments in the college, he told the board of education that he had received complaints from local business people and that the department was not progressing satisfactorily into a strong school of business. To probe further into the matter a one-man committee from the board was appointed at that time.

The second move came on April 20 when Trustee J. C. Bailie made his report and moved for the dismissal of Melvin R. Shimmin as head of the business department. The board, however, failed to concur with Mr. Bailie in this and the motion was lost for the want of a second. Instead, trustees voted to meet with Mr. Shimmin concerning departmental deficiencies and see what "workable plan" could be worked out. The situation is at this stage at the present time.

It should be stated at the outset that there is considerable public feeling on the advisability of throwing open for public discussion the inadequacy of any department at Chaffey. This group, many of them businessmen themselves, doubt the value of the school displaying its "dirty linen" with so much fanfare, feeling that necessary adjustments should have been made by the administration itself as soon as "weaknesses" became apparent.

PUBLIC ISSUE

But since the Chaffey college business department has been made a public issue, not by any newspaper but by the administration itself, it is reasonable to expect that it receive serious consideration in any evaluation that is made of the present "Chaffey Situation" which is the primary purpose of this series.

To return to the April 20th meeting of the board when an effort was made to relieve the head of the business department, Mr. Bailie declared that the "morale of the department is low as it can be" and that "business school teachers cannot give their best efforts with conditions as they are." He then read into the record a suggested program prepared by Leo Wadsworth, college director. This list included: 1—An adequate placement follow-up program after the student leaves school and enters on a business career; 2—More active contacts between the school and the business community; 3—A curricular advisory board composed of business men; 4—A more closely-knit organization of instruction in the

MANY FACILITIES

Mexican-American Recreation Hall To Become Reality in Upland

A recreation hall for use by Mexican and Mexican-American organizations will soon become a reality as a result of land donated by the Upland city council.

The building, which will be named M. A. M. hall, after the Mexican-American Movement, will be located at Grove avenue and Arrow highway and will have a floor space of 40 x 60. Two former army barracks will be converted into the proposed hall.

In addition to providing a meeting place for all organizations in the M. A. M., part of the land will be used for a baseball diamond as well as other athletic facilities with Paul Ynostrosa, athletic director for the M. A. M. in charge.

The entire building project will be under the direction of Rudolph Sanchez, president of the Chaffey District council of the M. A. M. and a builder himself. Mexican-American organizations will provide the labor and other assistance needed to complete the project. The clubs are the Upland Mexican-American Youth club, the Pirates ball club, Los Amigos club, a high school age group, and the Cucamonga Youth club.

Prominent Mexican-American leaders who have been working for the construction of a recreation hall have been Rudolph C. Sanchez, Ernest Asebedo, Joe Valadez and Paul Coronel.

The Mexican-American Move-

Cars Crush Ontario Man

An Ontario man was crushed to death between two gondola cars at the Kaiser steel mill in Fontana yesterday, the county coroner's office reports.

He is Ralph H. Beitzell, 37, railway switchman at the plant. The accident occurred at 9:30 a.m. Rushed to Southern Permanente hospital at Fontana, the injured man passed away a half hour later.

According to the account of Deputy Coroner Edward P. Doyle, Mr. Beitzell was a member of a crew in the process of moving steel gondola cars within the mill's yards.

Mr. Beitzel was atop a moving car to which four others were being attached, when he suddenly lost his balance and fell to the ground between the moving and stationary cars.

Surviving is Mr. Beitzell's wife, Virginia. His body was removed to Ingold's mortuary, Fontana.

Survey To Find Needs of Area Moves Forward

Public Response Is Enthusiastic

Spurred by an unprecedented public interest, this newspaper is taking steps to insure an even wider circulation of questionnaires in the Daily News-Herald West End housing survey.

Quantities of the questionnaire blanks have been printed and will be available at Los Olivos, Parkside, the General Electric plant and other points where large concentrations of people are to be found.

Many requests for the blanks have been received, and have prompted this extra distribution. The blank is also to be found in each day's issue of this newspaper.

Launched April 30, as an effort to find a way out of the housing crisis which continues to grip this area, the survey has found immediate acceptance and enthusiastic approval with hundreds

New Plant To Employ 100

Promising employment for 50 to 60 persons by Sept. 1, and for a 100 or more when full production is achieved, a new manufacturing plant is entering operations in Ontario.

Known as Western Mouldings and Stampings, Inc., the plant will be located at 325 West Main street in a building formerly occupied by the Benton Ballou Co.

Howard A. Burleson, formerly of Indianapolis, Ind., is president of the new company and will be manager. Associated with him in the enterprises are a group of Indiana men with long experience in this type of work.

The concern will manufacture metal mouldings and stampings for west coast auto assembly, refrigerator, air conditioning, radio and other similar industries.

Efforts of the Ontario chamber of commerce were instrumental in locating the industry in Ontario, Mr. Burleson said. Negotiations have been in process for the past two months.

Mr. Burleson, until recently, was corporate secretary of Mouldings, Inc., Indianapolis, serving as plant manager and tool director. He has sold his interests in that company to set up the local concern.

First Grotto To Be Held

The first convention of Grottos in California will be held in San Bernardino this week-end with members of the Zula Grotto, Ontario, joining with the Anza Grotto in San Bernardino as hosts.

The Grotto is a good fellowship and humanitarian organization made up of Master Masons. Spencer Smith, Upland, is monarch of the Ontario Grotto.

The convention will unite at least nine delegates from each of the 15 Grottos in California. Convention headquarters will be in the California hotel, San Bernardino, with the president's ball in the Civic auditorium on Friday night. (Picture on page 3.)

WEATHER

SLIGHTLY WARMER

Southern California — —Mostly clear today, tonight and Wednesday with local night and morning low clouds near coast; slightly warmer east portion.

VACCINE AGAINST POLIO FOUND BUT NEED 'GARDEN' IN WHICH TO GROW

By FRANK CAREY
Associated Press Science Reporter

MINNEAPOLIS (AP)—A New York bacteriologist said today science now has the means of developing good "seeds" for a vaccine against infantile paralysis—but lacks a proper "garden" in which to grow them.

Dr. Herald Cox of the Lederle Laboratories division, American Cyanamid Co., Pearl River, N.Y., said that a technique is in hand for purifying strains of infantile paralysis virus to the point where they could conceivably be used to produce a protective vaccine—but no satisfactory laboratory means has yet been found to grow the viruses in quantity.

He said monkeys offered the best bet to date for growing "polio" virus, but that the quantities produced were relatively small compared with those of influenza virus produced in fluids within a hatching hen's egg. So far, it has been impossible to grow polio virus in a hatching egg.

"Our solution to polio will come," he told a reporter, "when we can grow the polio virus in sufficient quantity in animals other than the monkey—possibly in the chick embryo within the hatching egg.

"If we could grow infantile paralysis virus, in its various strains, in a readily-available material like the chick embryo, we'd really have something practical in the way of a vaccine material.

"Monkeys not only produce relatively small quantities of virus, but they are expensive and sometimes difficult to procure and maintain for research."

SOMETIME IN JULY

All-States Picnic To Be Held If Council Gives Financial Aid

Ontario will resume its All-States picnic this year, probably sometime in July—providing the city council can be persuaded to underwrite a possible deficit.

Meeting yesterday at the Casa Blanca hotel, chamber of commerce directors endorsed recommendations of its picnic committee chairman, R. P. Smith. A tentative budget of $3325.20 was approved.

City backing, Mr. Smith explained, is a necessity if the committee is to go ahead with plans.

Because of unusually heavy financing required to get the affair on an operating basis once more, city aid is being asked.

A badge sale is to be conducted to offset costs, and the committee is hopeful that all expenses can be defrayed in this way. Council aid is being enlisted, however, in case the drive falls short of its goal.

President C. Russell Eck was

BRIEF HEADLINES

PRESS FREEDOM

NEW YORK, (AP)—The American Newspaper Publishers association announced today its board of directors had revived the freedom of the press committee.

The committee includes Norman Chandler, Los Angeles Times, and Palmer Hoyt, Denver Post.

EARTHQUAKE

LIMA, Peru, (AP) — A violent earthquake shook the Arequipa department at 3:55 a. m. eastern standard time today. Reports from Arica, a port in Northern Chile, said the shock was strong there.

WORKER'S RIGHTS

WASHINGTON, (AP) — Movie Director Cecil B. DeMille said today both labor and management have "battered" at the working man's right to work when and where he pleases.

"Business managements have treated him like a commodity or tool," DeMille declared in a statement prepared for the house labor committee.

ITALIAN PREXY

ROME, (AP)—Vice Premier Luigi Einaudi emerged today as the leading contender for the presidency of the new Italian republic. Barring unforeseen developments, his election is expected tonight.

AMBASSADOR

WASHINGTON, (AP) — President Truman today nominated George P. Shaw to be ambassador to Nicaragua. Shaw, a Californian, is a foreign service career officer.

INAUGURATED

BATON ROUGE, La., (AP) — Earl Kemp Long returned to political power in Louisiana today with his inauguration as governor.

The capital was in holiday attire for the ceremonies which climaxed an eight-year-old struggle by the brother of the late Sen. Huey Long to regain the state's highest office.

SELLS RKO

LO SANGELES, (AP) — Floyd B. Odlum, head of Atlas corporation, announced today the sale of the major interest in RKO studios to Planemaker Howard Hughes.

ONTARIO BUSINESS WOMEN HOLD FINAL BOARD MEETING OF CLUB YEAR

Mrs. Dewey D. Luebbers, Miss Virginia Mathis and Miss Lela McClelland entertained the large executive board of the Ontario Business and Professional Women's club Friday evening at the McClelland home, 1258 North Euclid avenue, Ontario.

All of the club chairmen gave their yearly reports, telling of the activities and accomplishments of their respective committees. According to Mrs. E. K. Smith, membership chairman, the club now has a roster of 123 members, with 25 new ones taken in this year.

Mrs. Violet Campbell, Mrs. S. S. Howell and Miss Lucile Majors were appointed as delegates to the state convention to be held in Santa Cruz on May 21-23. Mrs. Walter M. Babcock was appointed an alternate.

This was the final board meeting of the club year, and Mrs. Ruth Woodham, retiring president, presided. She presented each board member with a gift in appreciation of their services, and they gave Mrs. Woodham a beautiful silk robe.

Miss McClelland and Mrs. Herbert Walters presided at the attractively appointed tea table.

Those present included the Mesdames Faye Spencer, Lenore E. Williams, Violet Campbell, E. K. Smith, Robert C. Hoyt, Walter M. Babcock, Guy F. Weybright, Arthur J. Reeder, William K. Merrill, E. S. Eidwell, Hugo Larson, Ruth Woodham, S. S. Howell, Herbert Walters; the Misses Lucile Majors, Clara Perrin, Nola Blue, Verda Humphreys, Bertha Carter, and the three hostesses.

* * *

Etiwanda PTA Has Round Table Discussion

A round table discussion at the meeting of the Etiwanda Parent-Teachers association May 5 proved to be one of the most interesting Fathers' Night programs ever presented by the group.

Guy Daniels of the county office served as moderator. Others taking part were Mrs. Inga McDaniels, also of the county office, who spoke on "Guidance"; Alfred H. Utman, school board member, who gave a concise and informative description of the functions of that body, and Henry Rollins, school principal, who concluded the discussion with comments on the work of the school administration and the faculty. Mr. Daniels, in his summation, drove home the conclusion that no one department can function successfully without the complete cooperation of all concerned.

Mrs. A. V. Austion, the new president, announced her selection of chairmen for the coming year. They include Mrs. Robert L. Hickcox, membership; Mrs. K. Morton, magazines; Mrs. F. Tibbetts, finance and budget; Mrs. Carlton Brownless, publicity; Mrs. Lawrence Mueller, welfare; Mrs. Ed Hubbard, hospitality; Mrs. L. Teague, founders' day; Mrs. W. McKee, character education; Mrs. W. Meyer, health, and Mrs. Tony DiCarlo, parliamentarian.

Mrs. Stanford C. Shaw, second vice-president, was appointed to attend the state convention at Sacramento.

Mrs. Ed Hubbard was chairman of the commitee serving refreshments at the close of the meeting. Mrs. M. L. Lollier and Mrs. Carol Brown poured.

Girl Scouts cared for the small children in attendance, and it is hoped that a continuation of this practice will result in a greater attendance at all future meetings.

* * *

Hospital Auxiliary Will Have Annual Spring Luncheon

Annual spring luncheon of the Woman's Auxiliary of San Antonio Community hospital, will be held on Monday, May 17, at 1 o'clock, in the solarium of the hospital, it has been announced by Mrs. Robert L. Cummer, president.

Speaker for the occasion will be Mrs. Cleland F. Baxter, one of the members, well known for her book reviews. She will give some reviews of books suitable for summer reading.

Election of officers for the coming year will be held, and all officers are reminded that they are to present short reports of the year's activities.

Mrs. Wm. Weylandt Elected Commander Of DAV Auxiliary

Mrs. William Weylandt was elected commander of the Auxiliary of the Ontario-Upland Disabled American Veterans at the regular meeting Thursday evening in Memorial hall, Ontario. She succeeds Mrs. Hobart Taylor.

Other officers who will serve George Forsan, senior vice-commander; Mrs. Ralph Beitzell, junior, vice-commander; Mrs. Sam Meyers, chaplain; Mrs. Margaret Ackerman, treasurer; Mrs. Hobart Taylor, state executive committee woman, and Mrs. Earl Whitehouse, alternate; Mrs. Vivian Harter and Mrs. Eldon Jewell, local executive committee women.

The new officers will be installed June 3.

Mrs. Weylandt, Mrs. Forsan, Mrs. Dallas Valentine and Mrs. Beitzell were chosen delegates to the state convention at Long Beach June 13-16, with Mrs. Sam Meyers, Mrs. J. J. Cox, Mrs. Fred Puffer and Mrs. David Vasbinder as alternates.

Following the meeting, a social hour was enjoyed with members of the chapter. In recognition of the birthday anniversary of the auxiliary in May, the refreshments included a beautiful cake decorated with a large American flag. This was made by Mrs. Eldon Jewell, who was in charge of refreshments.

Club Notices

DAV AUXILIARY

For their monthly day of sewing, members of the Disabled American Veterans Auxiliary will meet at the home of Mrs. Vivian C. Harter, 292 Ninth avenue, Upland, on Thursday, at 10 a.m. A contributed luncheon will be served at noon.

WESLEYAN GUILD

Wesleyan Service guild of the Upland Methodist church will not meet this month because of the District banquet which will be held in the church on Friday, May 21.

Members are requested to make reservations for the banquet with Mrs. C. Ernest Olson or Mrs. Ernest H. Gibson before May 14.

A 'BEAUT'!

Yep, it's a 'beaut' no matter how you look at it! This pretty fisher-maid with her prize catch is just a way of saying that the trout fishing season opens May 1. A survey by the Automobile Club of Southern California indicates that the fishing should be good in streams and lakes.

Play Day For Brownie Scouts Next Saturday

Saturday, May 15, will be play day for 375 Brownies of the Chaffey area, in John Galvin park, Ontario, with activities beginning at 9:30 a.m.

The program will open with flag ceremonies at 10 o'clock, and will include folk songs and folk games presented by the Brownies for their own pleasure and for the entertainment of their mothers, leaders and troop committee members.

Mrs. David Johnson is chairman of the committee in charge of the event.

* * *

Upland BPWC Will Elect Officers at Meeting Thursday

Miss Mabel Stanford will be guest speaker at the May meeting of the Upland Business and Professional Women's club Thursday evening in the Upland Woman's club house. She will give highlights of her trip to Norway last summer.

Dinner will be served at 6:45 o'clock.

Miss Alice Rose Wilson, president, will conduct the business session, and the main features will be election of officers for the coming year, and the reading of the proposed revised by-laws.

Each member is asked to bring a wrapped "white elephant" gift for sale. Miss Ada Cooper is chairman of the committee in charge of arrangements for the meeting.

Famed Writer To Visit Campus

Katherine Ann Porter, distinguished writer of short stories, will visit the Pomona college campus during the week of May 10 to meet with classes, lecture at the regular assembly hour, and hold individual student conferences, according to Frederick Mulhauser, associate professor of English.

About People

Among mothers and infants returning home from San Antonio Community hospital are Mrs. Wesley Barton and baby boy, 311 East Maple street, Ontario, Mrs. J. L. Hollaway and baby boy, 202 Ramona avenue, Cucamonga; Mrs. Edward K. Hansen and baby girl, 2440 San Antonio West, San Antinio Heights; Mrs. S. B. Allison and baby boy, 1227 Columbia avenue, Ontario; Mrs. Joe Burk and baby boy, 1455 East Fourth street, Ontario; Mrs. Charles Avels and baby girl, 886 Twenty-fifth street, Cucamonga.

Mrs. Louise Wilson and her daughter, Mrs. Charles Porter, of Redfield, Iowa, and Mrs. Wilson's sister, Mrs. Sophie Huntoon of Los Angeles, spent last Thursday as guests of Mrs. W. T. Schaffner, 970 West Eighteenth street. Mrs. Wilson remained in Upland until Sunday. She is a former Upland resident, moving to Redfield about five years ago. During her stay in Upland she had the pleasure of contacting many of her former friends. She and her daughter have been spending a month with relatives in Los Angeles.

* * *

Local DAV and Auxiliary Go To Colton

Members of the Ontario-Upland chapter of Disabled American Veterans and Auxiliary attended the institution of a new auxiliary and the installment of officers of the chapter at Colton on Sunday evening.

J. J. Cox of Ontario, Eighth District commander, installed the newly-elected officers.

Members of the local auxiliary acted as an installing team and assisted Ruth Steinberg, department commander, in forming the new auxiliary and installing the officers.

Preceding the ceremonies, a spaghetti dinner was served, and a floor show followed the dinner.

Attending from the West End were the Mesdames and Messrs. William Weylandt, Earl Whitehouse, J. J. Cox, Ralph Beitzell, Frank K. Goodban; the Mesdames David Vasbinder, George Forsan, Nathan Cohn; and Mike Hanna.

* * *

Girl Scouts of Troop 3, Ontario, See Ice Capades

Thirty-eight Girl Scouts from Troop 3, Vina Danks junior high school, Ontario, chartered a bus and attended the Ice Capades in Los Angeles Friday evening. The Girls were accompanied by their mothers and their leaders, Mrs. Arleigh McConnell and Mrs. Dana S. Alexander.

Money for the trip was a present to the girls from F. L. Walker, of Westwood, Lassen county, California.

Girl Scouts Have Dinner For Families

More than 40 persons were present at the Girl Scout club house Friday evening when members of Girl Scout Troop 27, Upland, entertained their families at a pot-luck dinner.

For a program, the girls gave demonstrations of their activities for the past year. Each mother was presented with a gift made by the girls in their scout work.

Mrs. Everett Robinson is leader of the group, and Mrs. Robert Conway, assistant leader. Troop members include Arlene Bowden, Colleen Conway, Sarah Campbell, Joan Giles, Betty Hood, Darlene Keefer, Margaret Lamb, Joyce Mezzie, Jane Ellen Miller, Georgia Nichols, Janet Robinson, Colleen Seargent, Darlene Stewart, Ellen Wooding and Carol Gamble.

Eastern Star Members Told of Coming Social Events

Mrs. Merl D. Kough, worthy matron, and Walter W. Horak, worthy patron, presided at the regular meeting of Upland chapter, Order of Eastern Star, last evening in the Masonic hall.

Mrs. Kough announced that this is "Write a Letter to a Veteran" week, and asked that all members try to write letters.

It was announced that a 6:30 o'clock dinner will precede the next meeting, May 24, and reservations are being taken by Mrs. Charles O. Deverts.

On Wednesday, May 26, there will be a party for Masons and Star members, it was announced.

Refreshments were served by a committee composed of Mrs. Arthur Relph, chairman; Mr. and Mrs. John Tate and Jack Bowman. Mrs. T. M. Nichols and Mrs. John Scott poured.

* * *

San Antonio Library Club Hears Speakers

Miss Mabel Stanford of the Chaffey faculty, who visited Norway last summer, talked to members of the San Antonio Library club at their spring meeting Saturday morning at Haldeman House, Alta Loma. She told of the people's reaction to the occupation of their country and stressed their courage and industry in rehabilitating themselves.

Another speaker was Alec Watkins of Azusa, author of mystery stories, who writes under the pen name of J. Lane Linklater. He spoke informally of writing and the methods of different writers.

During the luncheon hour Mrs. Robert Bohle told of some of her experiences in Germany, where she and her husband and four children lived from 1932 to 1946.

Mrs. Ruth West, Upland librarian, president, presided over the meeting which marked the 30th anniversary of the club, founded by Mrs. F. H. Manker, retired Upland librarian, who was among those present.

PATIENTS

At San Antonio Community hospital:

Mrs. Elizabeth Evans, 221 El Morado court, Ontario, has returned home after medical care.

Dr. Sam Christian, 671 Magnolia lane, Sacramenta, entered for medical care.

Kenneth L. Harless, 431 Parkside, was admitted for major surgery.

The Rev. O. E. Whipple, 751 East J street, Ontario, entered for medical care.

Mrs. Battista Tapparo, 144 Foothill boulevard, Cucamonga, was admitted for minor surgery.

C. Avenatti, Guasti, was treated for lacerations of the upper lip, suffered when he fell on the railroad tracks. He was dismissed.

Miss Mary Ewing, 1154 Myrtle drive, was treated for first and second degree burns she suffered when she spilled hot grease while fixing popcorn at the Grove theatre. She was dismissed.

Thomas Lopez, six year old son of Mr. and Mrs. Angelo Lopez, 109 New Sonora camp, was treated for dog bites on his left leg and right forearm. He was dismissed.

Andrew Padilla, Twenty-fourth and Center streets, Cucamonga, was given first aid for concussion and possible skull fracture, suffered in an altercation. He was transferred to the county hospital.

Sidney Smith, 13 year old son of Mr. and Mrs. B. H. Smith, 804 West Ely street, Ontario, was treated for dog bites and dismissed.

Dennis Luby, 17, son of Mr. and Mrs. R. W. Luby, 511 Vista drive, was treated for laceration of the left knee, suffered while playing ball at John Galvin park. He was dismissed.

Sherrill Alexander, two and a half year old daughter of Mrs. F. E. Alexander, 122 Sierra Madre street, was treated for contusions over the right eyebrow, suffered in a fall, and dismissed.

Michael Doughty, two year old son of Mr. and Mrs. D. M. Doughty, 953 Washington boulevard, was treated for laceration of the lip and dismissed.

Mrs. J. W. Robertson, 281 Sierra drive, Red Hill, was given treatment for contusions and puncture wound of the left leg suffered when she fell from her horse. She was dismissed.

Jesus Acevez, 680 East Foothill boulevard, was treated for lacerations he received in a fight, and dismissed.

Mrs. Huber Kalbach and her daughter, Mary Kalbach, 1701 North Hellman avenue, Alta Loma, have returned home after medical care.

Wesley V. Clark, 508 East H street, Ontario, has been dismissed after major surgery.

Dennis Winger, 12 year old son of Mr. and Mrs. Cyrus J. Winger, 560 West J street, Ontario, has returned home after a tonsillectomy.

J. D. Alumbaugh, 1205 West Dessau street, Ontario, has been dismissed after medical care.

Mrs. Arthur Strothkamp, 452 B street, Chino, was admitted for major surgery.

Mrs. Loren Hays, 633 El Morado court, Ontario, entered for medical care.

Larry Wymore, eight months old son of Mr. and Mrs. Paul Wymore, 376 Parkside, was admitted for medical care.

Mrs. Kenneth McReynolds, 604 Sprucedale avenue, Norwalk, entered for observation.

Berno Malone, 551 North Campus avenue, has been dismissed after treatment for injuries he received in an accident.

Timothy Lynn Jones, four year old son of Mr. and Mrs. J. B. Jones, 78 West Arrow highway, has returned home after major surgery.

Harry Speiser, 546 West Maitland street, Ontario, was admitted for medical care.

BIRTHS

At San Antonio hospital:

SCROGGINS—A boy to Mr. and Mrs. J. C. Scroggins, 1120 East State street, Ontario, at 8:14 a. m. May 7.

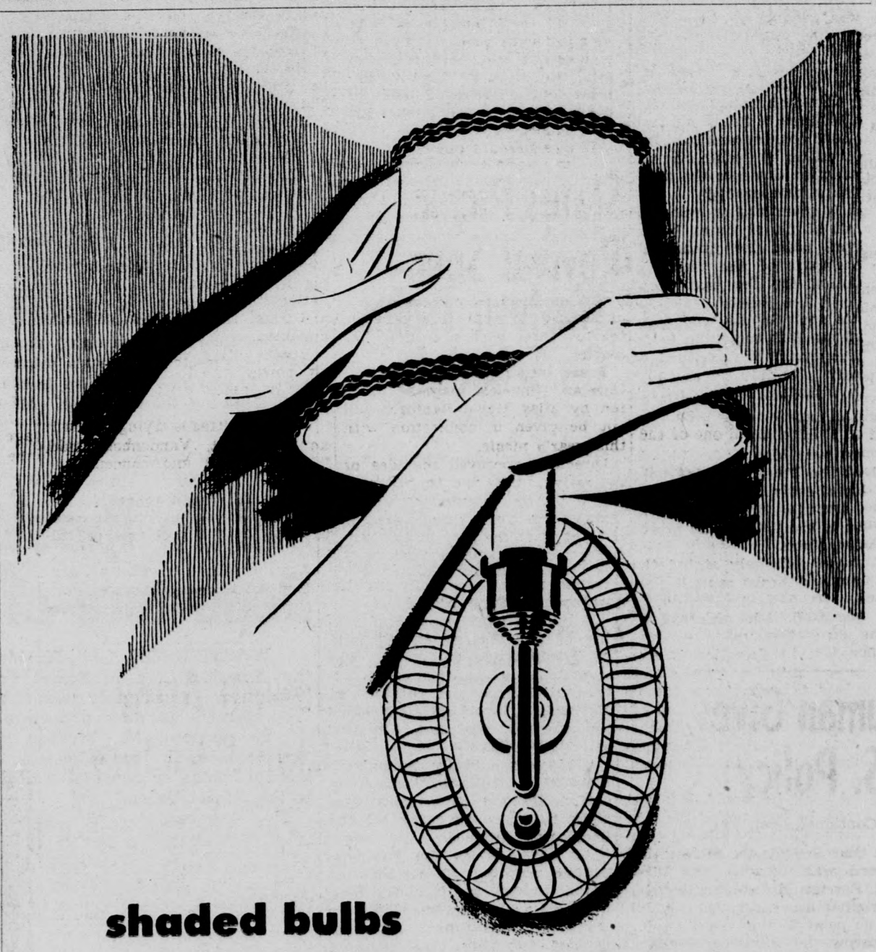

MOORE — A boy to Mr. and Mrs. R. L. Moore, 1021 Rosewood court, Ontario, at 9:20 p. m. May 8.

MONTOYA — A boy to Mr. and Mrs. Salvadore Montoya, 407 East California boulevard, Ontario, at 11:55 p. m. May 8.

ALVEREZ—A girl to Mr. and Mrs. Tony Alverez, 886 Twenty-fifth street, Cucamonga, at 2:45 a. m. May 9.

McCUE — A boy to Mr. and Mrs. Thomas F. McCue, 1547 Fairfax avenue San Bernardino, at 7:51 a. m. May 9.

CLUCK — A girl to Mr. and Mrs. Carl Cluck, 2439 South Euclid ave, Ontario, at 3:14 p. m. May 9.

shaded bulbs mean better *light*

For better sight and freedom from unpleasant glare, shade all the bulbs in your home so that light does not strike the eyes directly. The glare of bulbs is annoying to the eyes and often causes eyestrain. Shades control and intensify illumination... give you *added light* from the same amount of electricity!

MAKING PLANS FOR FIRST CALIFORNIA BROTTO

Shown above are members of the committee arranging for the first California Grotto convention in San Bernardino May 14 and 15. In the picture are three members of the Ontario Grotto and identified as such, the others being from San Bernardino, reading from left to right as follows: Back row—Don Clemens, James Owens, Ontario; Noah G. Henderson, N. H. Anderson, who is monarch of the San Bernardino Grotto, Floyd Hull and Larry Smith, Ontario; front row—Jack Dean, Allen Pepper, W. J. Parks, Eric Anderson, Ontario, and Ed Monroe.

BOY SCOUTS HAVE PHONE

A phone has been secured for Mason House (Boy Scout building) and regular office hours will be maintained by Brad Datson, Scout executive, every Tuesday morning from 10-12 or at other times by appointment.

At other times, phone calls will be taken by the secretary of the Girl Scouts. The number is 42-2134.

Employes Ask Wage Increase

County supervisors yesterday heard a plea from representatives of the county employes association for a blanket pay raise which would up wages of 1200 county workers an estimated $131,000 in the next fiscal year.

The board, now considering the 1948-49 county budget, heard Maurice A. Wood, president of the employes association, present the view of his group.

The association, Mr. Wood said, recommend that the board adopt the civil service commission classification and salary schedule and that a blanket step increase in salary be additionally granted. This would give employes an added five per cent a month in their pay envelopes.

Mr. Wood cited the increased cost of living as a basis for his recommendations.

Presentation of the current California-Arizona controversy over Colorado river water rights to the U. S. supreme court for settlement was urged on congress in a resolution adopted by the supervisors yesterday.

Financial obligation of this state in regard to contracts for Colorado river water and the drought which would follow if the state were deprived of its portion were cited in the resolution.

ROYALL BOSS

Union-Owner Advisory Board To Help Army Run Railroads

(Continued from Page 1)

bidding a strike. Goldsborough is the judge who twice fined John L. Lewis and his United Mine Workers for disobeying court orders.

Union Views

While Royall was talking with reporters at the Pentagon building, leaders of the three unions were holding their own news conference at a downtown hotel. The main points they made:

1. Only a wage settlement can entirely remove the possibility of a rail strike. Arthur J. Glover, president of the Switchmen's union, said emphatically that the anti-strike court order secured by the government was what stopped a walkout; seizure of the roads alone would not have stopped a strike.

2. They are looking now to Royall to settle their wage dispute. David B. Robertson head of the firemen and enginemen, said "these carriers (railroad management) are out of the picture."

3. They hold considerable resentment because of the government's moves. Glover said: "Now management knows that every time they get in a dog fight the government will step in and act as a strike breaking agent."

Alvanley Johnston, chief of the engineers, said the union men made many concessions in the long and fruitless White House negotiations for a settlement. Among other things, he said, they agreed to recommend that their members accept a 15½ cents an hour wage increase. That was proposed by a presidential fact-finding board and first rejected by the unions. The White House negotiations broke down over questions of operating rules. Most of these rules affect the amount of take home pay the train crews get.

The three union leaders said they are waiting to hear from Royall what he proposes about the wage dispute.

Gives Plan

Royall told his news conference that for the time being the army will make no attempt to settle the dispute.

He said he has asked rail unions to suggest men from their ranks to sit with representatives of rail management on an advisory group to help him during the period of government operation.

Royall gave this account of the army's proposed operating methods:

He has set up seven railroad regions and put each in command of a civilian railroad president. All were made army colonels, will get a colonel's pay and must give up their railroad pay.

The army intends only to supervise rail operations, leaving details to the carriers themselves.

"We will extend our authority only as far as necessary to operate them expeditiously and efficiently.

"We certainly do not want to get into details of operations unless it becomes necessary."

Asked if railroad personnel would be subject to military control, Royall replied they would not.

Asked how profits would be handled, he said they would be dealt with as they are today.

With the army in charge of rail operations, the White House withdrew from direct attempts to get the unions and management to settle their wage dispute.

Renaming of Streets Plan

A plan of street renaming which will be presented at the public hearing to be held by the Upland planning commission May 27 was agreed upon by members of a special committee last night at the home of Mrs. Carnot Valiton, 1412 North Euclid avenue.

The committee which is headed by L. R. Bradley, chairman of the planning commission, will recommend that streets — like seventh, eighth and ninth—stay as they are and that present or future streets between them be named courts, drives, places and ways.

Avenues west of Euclid avenue would be called after trees and those east after prominent pioneers of the city, county and state. Both would be arranged alphabetically in order to avoid any confusion.

Warren Willing To Seek Votes in Other States

SACRAMENTO, (AP) — Governor Warren announced today he has "no objections" to the California Republican hierarchy seeking GOP presidential nomination votes for him in the states where delegates are not already pledged to a candidate.

Asked at his press conference about the action of the state Republican central committee executive board at a meeting in Fresno in deciding to seek votes outside California, Warren said:

"I have no objection to them seeking votes for me in other states where delegates are not committed."

ELECT EINAUDI ITALIAN PREXY

ROME (AP) — Vice-Premier Luigi Einaudi, 74-year-old banker economist, was elected first President of the new Italian republic tonight.

Even before the count of the fourth ballot was completed, Einaudi had the required majority of the 900 votes of both houses of parliament.

With about 200 votes still to be tallied, he had received 451.

Orange Crop Shows Decrease

WASHINGTON (AP) — California orange production for 1947-48 declined slightly from the previous season, the department of agriculture reported in setting the state's output at 47,100,000 boxes. This compares with 53,760,000 a year ago.

The department said yesterday that early and mid-season oranges have all been harvested except for about 1,500,000 boxes of Southern California navels. About 39,000,000 boxes of valencias remained for May harvesting, including 28,000,000 boxes in California.

California's lemon crop is estimated at 12,200,000 boxes, compared with 13,760,000 a year ago.

The nation's orange crop was estimated at 109,960,000 boxes slightly below last year's record crop of 113,980,000 boxes.

Bird Film To Have Special Matinee

"Bill and Coo", which closes its regular run tonight at the Grove theater, will be held over for a special kiddies' matinee tomorrow afternoon at 4:30, theater manager Ben Adams announces.

This film, which was given a special "Oscar" by the motion picture academy, has been described as the best film of its type ever made.

Scout Committee To Meet Tonight

A reorganization meeting of the Upland district advancement committee of the Boy Scouts will be held tonight at Mason House, with Chairman D. J. Rutherford in charge. He will be assisted by William Gilliland, district vice chairman.

Many Attend Dance

More than 45 young people attended the teenage dance held at the Parkside community building last Friday night. The dance, which is open to all youths whether they live at the Parkside project or not, is held every Friday night.. Mr. and Mrs. O. R. Singer are the chaperons in charge.

Board To Talk Salaries Tonight

Although the adjourned meeting tonight of the Chaffey board was specially called to discuss a salary schedule for non-certificated employes, the awarding of the bid for construction of the agricultural and shop building is also expected to be made.

At the meeting last week, upon the recommendation of Supt. Gardiner W. Sprink, action was delayed until tonight.

Those who have submitted bids for the project are J. E. Stark, Ontario; E. A. Kaiser, Beverly Hills; Stover Construction Co., Claremont; W. C. Smith, Inc., Long Beach; Steed Brothers, Alhambra; Barrett Corp., Los Angeles; Sterling Construction Co., San Bernardino; C. J. Bacher Construction Co., San Bernardino; W. J. Ritchea Construction Co., Upland; H. B. Nicholson Co., Pasadena; H. J. Farrington, Riverside; James Construction Co., Los Angeles, and Harvey & Rose, Arcadia.

On the matter of a salary schedule for Chaffey employes, recommendations were submitted by the committee which is headed by Mrs. B. G. Klepper, trustee, but members, who had to act on the teacher's schedule a week ago, decided to hold another meeting tonight to discuss its phases.

Police To Meet Cucamonga Indians

Appearing under the lights the first time this season, the Upland police nine will be host to the Cucamonga Indians on the Upland park diamond at 8:30 p. m. In three previous daytime games the local policemen have turned in victories but the bulbs will provide new atmosphere for the veterans.

The Upland Cycle & Sport shop is sponsoring the officers' team.

DEATHS

EDMUND L. SPIES

Edmund Louis Spies, retired rancher, 512 West J street, Ontario, passed away at 2:31 o'clock this morning at the U. S. naval hospital in Corona after a long illness. He was 64 years of age.

A native of Plattsmouth, Neb., he came to Ontario 11 years ago from Branson, Colorado. He served as a lieutenant in World War I, and was affiliated with the Disabled American Veterans.

Mr. Spies is survived by his wife, Mrs. May Spies; one daughter, Mrs. R. M. Perry of Fontana; three sons, Albert Spies of Ontario, Edmund L. Jr., and Robert E. Spies, both of Torrance; and one grandchild.

Richardson's mortuary is in charge of funeral arrangements, which are incomplete.

Seeks Aid On School Lunches

(Continued from Page 1)

month for non-certificated employes was granted by the board in a resolution. Eight persons are involved.

Resignation of Mrs. Mary B. Matthiesen, music teacher, whose pupils have been popularly received in programs, was submitted. She advised the board her husband will be a graduate of Pomona college next month and his future employment will necessitate moving from the community.

Resignation of two clerks Mrs. Doris Behrens, employed in the elementary school office, and Miss Virginia Hasty, employed in the Upland junior high school office, was received. Miss Hasty plans to enroll at Redlands university and Mrs. Behrens is retiring from office work. Mrs. Avondel Keith, a resident at Parkside, has been employed as a clerk to fill one of the vacancies.

Looking to the summertime maintenance work, the board authorized painting of buildings and equipment as recommended by Mr. Cook. Howard N. Mason, president of the board, presided. Allan S. Barr, clerk, and Mrs. Ralph Mitchell were also in attendance.

For the first time for several months no visitors were in attendance.

Truman Gives U.S. Policy

(Continued from Page 1)

closed that Smith gave Molotov a 500-word oral response to the Soviet Foreign Minister's reply to the original American note.

At no point in this latest move in Moscow did Smith encourage any hope on the part of the Russians that the American government would enter at this time into negotiations with the Russians for an overall settlement of differences between the two countries.

Door Open

What Smith said originally was that it was hoped to find the basis of a "decent and reasonable relationship" between the Soviets and Americans. He added that "the door is always wide open for full discussion and the composing of our differences."

Apparently the state department's purpose in making Smith's latest statement to Molotov public was to try to show that the U. S. is not proposing to compromise its policy at any point in seeking a settlement with Russia.

And since Russia in its note was officially regarded here as showing no tendency to compromise, American officials said they had difficulty at this time in trying to discover on what basis a meeting might be usefully held.

Injures Knee in Auto Crash

Lillian E. Parker, 56, 1935 South Oaks, Ontario, suffered a wrenched knee yesterday when her auto and one driven by Robert Joseph Cherback, 22, 794 San Ysidro drive, collided at Benson avenue and Francis street.

The crash occurred at 4:33 p.m. when Mrs. Parker was westbound on Francis and Mr. Cherback southbound on Benson. Neither saw the other car until too late to avoid the crash, they told Ontario police.

Mrs. Parker was treated and dismissed at San Antonio Community hospital for her knee after examination by a private physician.

CATCHES 'EM BARE HANDED

HAWK SPRINGS, Wyo. (AP) —Kel Scott, 11, of Hawk Springs, accompanied by several young friends, went for a hike along Horse Creek.

Kel saw a large trout — but none of the youngsters was equipped with hooks or lines, so he waded in and went after the fish. He literally "herded" the trout into a narrow indent in the bank and caught it with his bare hands.

It measured 17 inches.

States Picnic Revival Seen

(Continued from Page 1)

authorized to appoint a committee to confer with council in the matter.

Presentation of "The First Californian," musical pageant written by Miss Mabel Sanford, will not be given in connection with this year's picnic.

Directors approved the idea of its revival, but felt the production would be too extensive to undertake this year. Possibilities of reviving it at the time of the 1949 picnic were considered good.

Recreation Hall For M.A.M. Groups To Be Reality

(Continued from Page 1)

ment was started three years ago by Mr. Coronel, who is a Chaffey High school instructor. It has held three fiestas at the Chaffey Civic auditorium and has used the proceeds from them to provide scholarships for deserving Mexican-American students. Thus far $500 in all has been given with an additional $150 expected to be offered at the next school term. The District Council also gave $175 towards the development of Upland Memorial park.

"The organization contacts over 200 Mexican-American youth in an effort to help them become better American citizens," Mr. Coronel declared in outlining the work of the M. A. M. "The various leaders have cooperated also in community activities during Christmas, Red Cross and Community Chest drives and in other worthwhile and constructive efforts."

Condition of Leigh Thompson 'Good' Today

After passing a "fair" night, the condition of Leigh Thompson, 62, 1447 North Euclid avenue, was described by San Antonio Community hospital attendants as "good" today.

Mr. Thompson suffered a fractured skull and contusions Saturday when his auto and a truck were involved in a collision near Elsinore.

Seek Peace Through U. N.

WASHINGTON (AP) — The senate foreign relations committee disclosed today it is drafting a resolution calling for the United States to seek international peace and security through the United Nations.

Chairman Vandenberg (R-Mich.) said the resolution is in the form of a "working paper" for the advice of the President in pursuing this government's policy in the foreign field.

The working paper advocates voluntary agreement "to remove the veto from all questions involving specific settlements of international disputes and situations, and from the admission of new members."

Russia often has invoked the big power veto to block consideration of issues which she has opposed.

The committee is trying to reach an agreement, Vandenberg said, "on one short and concentrated resolution to cover the entire subject, not only with regard to the United Nations but on our relationship to the problems of collective security in the world."

The "working paper" was submitted to the committee by Vandenberg with the knowledge of the state department.

Volunteer Plan Gets Approval

unteer plan for 18 year olds to get training as a military reserve was approved today by the senate armed services committee.

The senate group is working on military manpower legislation which has two main aims:

1. A draft of men in the 19-25 age group for regular services in the armed forces.

2. Training of 161,000 18-year-olds as a reserve. This has been called a substitute for universal training.

Across the capitol, the House passed a compromise bill designed to build up a 70-group air force.

No dissent was heard to the voice vote.

The compromise was drafted yesterday by a senate-house committee after the two branches of congress had passed different bills.

Only senate approval is needed now to send the measure to president Truman.

Jewish Army Claims Victory

JERUSALEM (AP) —The Jewish army announced today the capture of the strongly fortified Arab village of Beth Mahsir on the supply line from Tel Aviv to Jerusalem.

The village is above the Bab El Wad Gorge. Haganah said its engineers were clearing road blocks.

LAKE SUCCESS (AP) — A high ranking United Nations delegate said today that Russia and her satellites plan to recognize the new Jewish nation in Palestine.

Irgin Zvai Leumi described the battle as the biggest fight so far in Palestine.

The Jews claimed also to have captured strategic Safad in Northern Palestine.

Reports circulated in Tel Aviv that the British blockade will end May 15 with the mandate. Rumors spread that this would start a flood of arms, men, and even Jewish air and naval units pouring into Jerusalem.

An unofficial source said the Pan Crescent and Pan Work, big former refugee ships, will be released at Cyprus to the Jewish agency to carry the 24 000 to 30,000 Jewish refugees in Cyprus to the Holy Land.

JUST WHAT IS 'REALLY' WRONG WITH THE BUSINESS SCHOOL

(Continued from Page 1)

various business fields: 5—A supervised outside work program; 6—Reorganization of class work to qualify terminal students at an earlier date, and 7—Deficiencies in reading, writing and calculating should be discovered earlier in the student's career and corrected.

While this does not include everything that was mentioned, it does cover the major points which is what we are going to be concerned in all the articles of this series. It is not the purpose of this writer to refute every charge made against the college business department but since this is to be an impartial observation it is only fair that the "other side" be presented as well.

SOME FACTS

When a probing of the business school was first proposed last January, The Daily News-Herald independently undertook an investigation of its own. It was discovered at that time from the state department of education in Los Angeles that a merchandising course in distributive education, which is what Mr. Wadsworth must have meant by his request for a supervised outside work program, has been available to Chaffey and all other junior colleges since 1938. As a matter of fact, it was offered before Mr. Shimmin was head of the business department and turned down by responsible officials here. Willis M. Kenealy, regional supervisor of distributive education for the state department of education, told us at that time that most educators are agreed that cooperative merchandise training is essential for any good commerce department and he expressed surprise that a school of Chaffey's reputation had not yet put the program into effect.

Our investigation also disclosed another matter which should be considered in attempting to fix the blame for what the administration concedes is an "inadequate" business school. The present head of the Chaffey commerce department formally recommended to the college director two years ago not only the establishment of an "on-the-job" training program but also office training as well. But no action was taken by the administration on the request.

In attempting to evaluate the standing of the business school and comparing it, for example with San Bernardino Valley Junior college, several factors must be considered. What about the comparative teaching loads and the availability of equipment with which to put the program outlined by Mr. Wadsworth into effect? These points will, no doubt, be considered by the board when it holds its proposed meeting with Mr. Shimmin.

TEACHER HOURS

However, the results of our own survey from some schools in the Orange Empire conference should be revealing to the public. San Bernardino, which is considered to have one of the better business schools, requires an average of around 15 hours of teaching per week from its business staff as compared to Chaffey's 21.8. The other schools checked reported the following:

Fullerton, 20 hours; Mt. San Antonio, 19½ and Riverside 18⅓.

It will be noted that Chaffey business teachers carry the heaviest load as far as actual teaching hours are concerned. One other significant fact should be noted and that is that the Chaffey business school head must devote 15 full hours a week in the classroom as compared to nine hours both at Fullerton and San Bernardino. Mt. San Antonio has a rotating chairman every two years and Riverside has no department head at all so these schools could not be fairly compared with Chaffey.

These points are made in order to illustrate that in order to put into effect much of the program recommended by the administration teachers must have more time than they do now. And this can only be accomplished by the addition of more teachers which, we understand, was also requested by the business department head.

TWO POINTS

Two other points should be made in all fairness to the faculty in the business school and although we mention them briefly they are important factors to consider.

First is the apparent lack of authority on the part of Mr. Shimmin as head of the commercial department. He apparently has nothing to say about the hiring of teacher personnel, their assignments or ratings. Neither does he determine their salaries and in what extra-curricular activities they should participate. Also no financial control or the preparation of a budget for the department is vested in the director of the business school.

Equally important, perhaps, is the second which is the fact that students desiring to enter the business school are in the main counselled in the director's office and not by the head of the business department. In other words, guiding of the student through two years of college work is apparently not in the hands of the business department chairman, thus making it very difficult for him to have any real control over the student's plan of study.

As for the charge that business school graduates are weak in spelling and in the use of correct English, it must be remembered that this has been a universal complaint for many years everywhere. And most educators are agreed that these should have been learned by students before entering college, either in elementary school or high school.

There, of course, are many other points which could be made on both sides. But it is not the intention of this article to pass any judgment but merely to focus attention on both sides of the business school problem—a problem that was first called to the public attention by the administration itself.

BOARD VIEW

The fact that the majority of the board is not convinced in its own mind as to who actually is responsible for the "weakness" of the business school was demonstrated when the motion to dismiss the head of the department was lost for the want of a second. Most trustees want to know more about it and to give Mr. Shimmin the opportunity to present his side before taking any action. And it seems reasonably sure to assume that Mr. Shimmin will not be dismissed from his present position but be given an opportunity to vindicate himself. The board, speaking of the majority again, is certain that there's more to this "business school situation" than meets the eye.

All In A Lifetime — A Dog's Life

DOROTHY

THOMPSON

Racial Prejudice Plays Into Hands of the Communists

The way in which people allow their prejudices to obscure their larger political judgments is illustrated in the recent episode involving Sen. Glen Taylor in Birmingham, Ala.

The white south favors Negro segregation, and is vehemently anti-communist. Senator Taylor, like many other Americans, is against segregation. He is also, unlike hundreds of thousands who agree with him on that issue, in close alliance with the communist party.

He goes to address a public meeting in Birmingham, and chooses to enter the building through a door marked "Negroes". Separate entrances to public halls for whites and Negroes in the south are rather rare. Normally, they enter together and sit separately, for no reason which my mind has been able to fathom. However, Senator Taylor chooses the Negro entrance, is blocked by police, pushed around a bit, makes the front pages of the national press, electrifies Negroes, north and south, and thus wins another considerable number of Negro supporters for his communist unity party. He also rallies many white liberals, bitterly hostile to his campaign, but who praise his stand on this particular issue.

If Senator Taylor's entrance to the hall simply had been ignored, none of these aggregations to his following would have occurred. But the prejudice proved stronger than the political intelligence.

Everything is grist to the communist mill, and nothing serves it better than bad race relations, which it systematically exacerbates. When a Negro recently was tried for killing a white man in self-defense and acquitted by a 100 per cent southern white jury, no word of satisfaction emerged in the communist press, though for the sensitive south an ounce of praise is worth a pound of censure. A friend of mine, who covered an earlier trial in which a collective indictment was brought against a colony of Negroes who had rebuffed a mob assault with fire, told me that the discomfiture of the communist reporter when the men were acquitted really was funny. Far from being happy that Negroes had received the same justice that would have been accorded white defendants, he was disgruntled. Cases like that spoil the story.

Both white and colored Americans should be aware of the communist "solution" for the colored "problem", for that solution amounts to real segregation, and is one of the clearer proofs of American communist subordination to Soviet concepts.

The Soviet Union is a federalized government — of many "nationalities", living in separate "cultures". In fidelity to this pattern the American communists propose, come the revolution, to characterize the American Negroes as a separate "nationality", and set them up in a "self-determined" republic of their own. It would comprise those states in which Negroes would be in a majority, from which the white population would be removed and to which the colored population from other parts of the Union would be sent.

Intelligent Negroes are aware of this program and, since they neither regard themselves as a "nationality" nor care to contemplate the results to them of reopening the civil war, they bitterly are opposed to it.

The communist press, published for suckers, seldom discusses this program; but the theoretical press, "Political Affairs", published for and read by few except party members, supports it. During the war evidently there was instruction to play it down; but in December, January and February of 1946-47 it was revived, and reiterated in the decision of the communist party's national committee.

I do not know the attitude on this issue of Mr. Wallace and Senator Taylor who otherwise cooperate with the communists so slavishly.. It would be interesting to find out.

Always Entertain Your Wife; Glumness Grounds for Divorce

NEW YORK—I am resting on the back of my neck, indulging in some deep thoughts on weighty things like international politics and baseball, when mama says, abruptly, "You better stop that, or I'll sue".

Now, having not opened my trap, I have some righteous indignation handy, and I venture mildly that things have come to a pretty state if a man cannot indulge in revery, when for all the lady knows he is thinking up a plot to make a million, to keep her in luxury.

That makes no never mind, says she, I have been reading in the paper that Henry Morgan, the radio elf, is being sued for divorce because he is not funny around the house and also because he sometimes keeps quiet for days on end. Mr. Morgan's disenchanted bride, she says, is asking $750 a week and $28,000 worth of lawyers' fees, and you better start amusing me, Bud, or I will hit you with a process or a subpoena or whatever it is you hit them with.

It says here, mama says, that Mr. Morgan suggested that his life's mate commit suicide, in one of their squabbles, and I seem to remember that you once suggested a slight leap out of the dormer when I was teasing for a new rag to wear to a party. I also remember, she says, a piece you wrote about fashion, when you said, quote, "If my old lady ever comes home in one of those French atrocities I will beat her to death with a baseball bat."

That, young man, is not only a subtle, psychological method of ridding yourself of me, but the second part is a direct threat on my life. How would you like to pick up the papers some day and read where I accused you of murder?

Furthermore, she says, Mrs. Morgan is saying that Henry threw some food at her once and also scattered it around the kitchen, and I recall a slight argument we had one time, over the quality of my meat loaf, and it seems to me I've got you dead to rights.

Mrs. Morgan cites cruelty in her action against Henry, who I think is a very funny man, because Henry changed his voice on her and chased her out of the bathroom by shouting in a broken accent that he, Henry, had just been killed in an auto accident. I seem to remember a man pounding on the door of our bath, mama says, shouting that the house was afire and all ashore that was going ashore.. Does that strike any responsive chords in your memory? she asked.

However, mama says, do not worry too much, because I will never, never ask you for $750 a week alimony, and I do not think my lawyer will demand $28,000 for writing down the whereases and aforementioneds, but you had better curb your tongue, old boy. I have a keen memory, and while some of your coarser quotes over a period of 10 years may have been said in the heat of the moment, they are engraved on my mind, and would look very unpretty on a bill of divorcement.

Well, I said, I am never the boy to deny a lorn lady her rightful share of the loot, especially if she is an old-time workhorse like you, who deserves some severance pay for all the breakfasts she has built for her errant knight. If there are children in the deal, a dusted mama is entitled to every dime she can pry loose from the old man when they come around to part.

But when love's idyll has been of short duration, I said, and there are no hungry heirs resultant from the severed union, then what is there about matrimony which makes these embittered wives figure they are worth that kind of dough? What have we taken from you that is worth $750 a week until you slip the noose on a fresh victim?

Well, she says, we have given you the best years of our lives, our beauty has faded, and we are no longer desirable on the marital block. Our tender souls are scared from contact with your brutal ways, and also, if you happen to be in the chips at the time, it is a good idea to take some of those chips with us, to keep other girls' greedy hands off them. However, mama says, I do not think you ought to take the boy for his hat, spats and overcoat if you have contributed little to the marriage and you are as pretty going out as you were coming in.

But, mama says, let this build you no false security. The way things are today, a girl can get a divorce mighty easy, even if she is unmarred by combat and ripe, like Miss Judge, for her sixth shot at enduring bliss.

True hail occurs only in warm weather.

Today's Birthday

(If you have a birthday this week or this month, call it in to 311-06 and we'll include you in this column.)

...IRVING BERLIN, born May 11, 1888, in Russia, is a kingpin of Tin Pan Alley, Broadway and Hollywood, as the composer of 700 songs. He began his musical career as a singer in "Nigger Mike's saloon in New York, and began to write songs because a waiter in a competing saloon achieved neighborhood fame by writing one. Among his most famous Broadway musical shows were "As Thousands Cheer" and "Louisiana Purchase."

WAITKUS SAFE AT THIRD IN CUBS-DODGERS GAME

Eddie Waitkus, Cubs' first baseman, beats the throw into third on his triple to right field in the first inning of the Cubs-Dodgers baseball game at Wrigley Field, Chicago. Dodger catcher waits with outstretched glove for the relay from Ed Miksis. Umpire Bill Stewart calls the play. (AP Wirephoto)

CINCINNATI CASTOFF RIDDLE IN COMEBACK OF YEAR WITH PITTSBURGH; HURLS THIRD WIN

(By The Associated Press)

Any doubts over Elmer Riddle's comeback, termed by Pittsburgh's part owner, Bing Crosby, as the "greatest since Al Jolson", were definitely dispelled today.

The gritty 31-year-old right-hander, forced to quit baseball four years ago because of an ailing arm, proved his previous stellar performances were no mere flashes when he pitched the Pirates to a 4-2 victory over the Brooklyn Dodgers last night.

Purchased last winter from the Cincinnati Reds for the $10,000 waiver price strictly as a gamble, Riddle has turned out to be the ace of Pittsburgh's mound corps. The triumph was the third in a row for the Columbus, Ga., veteran, his fourth outstanding mound job in as many starts.

The triumph, coupled with Boston's 6-0 victory over the Cardinals in a night game in St. Louis, put the Pirates in a virtual tie for first place with the idle New York Giants and the Redbirds.

Although Johnny Sain of Boston was clipped for 10 hits, he became the first pitcher to shut out the Cards this season. The victory boosted the Braves into a threeway tie with Brooklyn and Philadelphia's Phillies for fourth place, two and a half games behind the leaders.

The Cleveland Indians strengthened their hold on first place in the American league by outslugging the Red Sox in Boston, 12-7. It was the fifth straight triumph for the Indians and the fifth straight loss for Joe McCarthy's disappointing pennant contenders.

Larry Doby, hard hitting Negro outfielder, led the Tribe attack. He pounded out four hits, including his fifth home run.

The third place New York Yankees swamped the Chicago White Sox, 9-3, to keep within a game of the lead. Joe DiMaggio, Bill Johnson and George Stirnweiss each hammered home runs off the White Sox' Bill Wight and Earl Harrist.

Early Wynn registered his third victory with a five-hit performance as he pitched the Washington Senators to a 6-2 triumph over the St. Louis Browns in a night contest at the capital city. The victory shoved the Senators into the first division with a .500 rating.

The National league's only scheduled day game, between the Giants and Cubs in Chicago, was postponed because of rain. All other teams in the majors were not scheduled.

The SCOREBOARD

(By The Associated Press)

PACIFIC COAST
Open date.

AMERICAN
New York 6, Chicago 3
Cleveland 12, Boston 7
Washington 6, St. Louis 2 (night)
Only games.

NATIONAL
Pittsburgh 4, Brooklyn 2 (night)
Boston 6, St. Louis 0 (night)
New York at Chicago, postponed, rain
Only games.

Zarilla, Gustine Lead Batters

CHICAGO (AP)—The St. Louis Browns' Al Zarilla is leading the American league bat race with a hefty .478.

Cleveland's manager-shortstop, Lou Boudreau, was second with .429. Ted Williams of Boston was third with .397, followed by the Browns' Bob Dillinger with .358, and Ken Keltner of Cleveland with .352.

Williams led three specialties Most runs driven in, 21; most hits 25.

Only one freshman was able to break into the National league's top ten hitters as veteran Tommy Holmes of Boston took over the No. 1 spot with a gaudy .444.

The rookie is Harry Schenz, flashy second baseman of the Chicago Cubs, who just managed to sneak into the first ten with .338.

Frankie Gustine of the Pittsburgh Pirates, always a great spring hitter, had a neat .431. Only other National leaguer to top .400 is Bruce Edwards of Brooklyn with .405.

Syracuse's boxers have won 39 individual intercollegiate championships in the eastern association.

ROCKETS EDGE PROP ROOM, TAKE LOOP LEAD; VAN FLEETS WIN, 6-1

Lalo Escarsega's double in the seventh frame, sending Wasmuth over the platter, proved the decisive blow enabling the Ontario Rockets to turn back San Bernardino's Prop Room nine, 3-2, at Galvin park last night.

The burly right fielder's poke broke up a tight pitching duel between Ontario's Jeff Benner and Bill Matthie of the Prop Room. Each flinger allowed six blows.

The visitors got runs in the third and fifth frames. Matthie himself scored the first one, coming across on Carl Swing's fly to left. The hurler had walked, was sacrificed to second and moved to third on Temby's single.

Swing also batted in the fifth-frame marker. His double scored Temby, who had singled, and then moved to the midway station on an error.

Ontario jumped into an early lead with two runs in the second. Escarsega and Gardiner scored, the former on Wenger's hit and the latter on an error by the catcher.

Benner fanned 12 Proppers, while Matthie was slipping the third strike past 10 Rocket batsmen.

The victory enabled Ontario to take undisputed possession of first place in the American nightball league with three wins and no defeats.

Line score:

Prop Room	001 010 000	2	6 2
Rockets	020 000 10x	3	6 1

Matthie and Shoaff; Benner and Wenger.

Fighters Boycott Of Garden Ends

NEW YORK (AP)—The Twentieth Century Sporting club, having made peace with ring managers over television receipts, sought hurriedly today to line up a Madison Square boxing card for Friday night.

Members of the New York boxing managers guild ended a six-week boycott of the promotional organization yesterday after Twentieth Century agreed to pay boxers 25 per cent of all television money. That's half of Twentieth Century's take.

Madison Square Garden, which is a partner splits the receipts with Twentieth Century, has refused to cut in managers and boxers.

Javelin Accident Fatal To Navy Track Athlete

ANNAPOLIS (AP)—A javelin hurled by a classmate yesterday killed Midshipman George J. Eliopolus, naval academy athlete.

Capt. E. B. Taylor, navy athletic director, said the 23-year-old victim "was struck in the neck by a javelin that slipped from the hands of Midshipman George B. Stone". Eliopolus pulled the spear from his own neck, but collapsed and died within four minutes.

SPORTS

Tuesday, May 11, 1948—Page 5

BUC PLAYERS CLUB IT IN FOMER MANSION

PITTSBURGH (AP) — Nine Pittsburgh Pirates who couldn't find apartments, live in a 22-room former mansion, complete with "house mother".

The Pirates — Danny Murtaugh, Bob Chesnes, Johnny Riddle, Johnny Hopp, Elmer Riddle, Forrest Main, Stan Rojek, Grady Wilson and Don Gutteridge—say they never had it so good.

The lady they've dubbed "Mom" is Mrs. V. W. Daniels, a soft-spoken southerner. She not only houses the Pirates but prepares their meals. The cook quit and the Bucs like "Mom's" cooking so well they won't let her hire another.

Mrs. Daniels, an avid fan, finds being too close to the team has its drawbacks.

"The boys only let me go to the night games. They know I can't go during the day and get their dinner, too. And they like to eat."

Fish, Game Group Meeting Tomorrow

Regular monthly meeting of the West End Fish and Game association will be held tomorrow evening at 7:30 p.m., at the club house in Galvin park, Ontario.

Ladies are invited to attend. All members are urged to bring a friend to the meeting. Films of wild life loaned by the U. S. forest service are to be shown.

Golf Tournament

The annual Orange Empire conference golf tournament will be held Saturday at Riviera country club, Riverside.

Chaffey and all other league schools except Santa Ana, are entered. Seven-man teams from each school will compete over the 18 holes, with the first five men from each team counting in the scoring.

Taking a night off from their Central league chores, the Upland Van Fleets last night bashed out a 6-1 victory over the Hadley Machine Shop nine of San Dimas, in a game played at the Upland field.

The locals racked 11 hits in all, including a pair of homers. Bud Compton, VF lead-off man, slapped a four-master in his very first trip to the plate in the initial inning. Rex Melendrez collected another later.

Three pitchers saw service for the locals, and divvied up a measley two hits among them.. Ray Short checked the visitors for four frames; Luther Van Hoy pitched the fifth and sixth, with George Dearmin finishing.

Still looking for a league victory after two consecutive setbacks, the Van Fleets go to Highland Thursday.

Line score:

Hadley's	000 100 000	1	2 1
Van Fleet	120 010 02x	6	11 2

W. Short and Lapp; R. Short, Van Hoy, Dearmin and Procunier.

Spring Drills Start Today

With a turnout of 50 to 60 expected, Coach George Hobbs will open spring practice for his Chaffey college gridders at 4:30 this afternoon at Graber field.

No advance registration has been held, and the estimate of candidates reporting is based on the number who responded at a preliminary meeting held last Thursday in the men's lounge.

Practice sessions will be held each Tuesday, Wednesday and Thursday for the next three weeks.

Principal job facing Hobbs will be installing of the single wing system of play.

The veteran mentor, 21 years head coach at Alhambra High school, has always employed that formation. Coach Ray Rosso, who took the Panthers to the National JC title last year, deployed his athletes from the "T".

450 ENTERED

NEW YORK (AP)—Seven former champions are among the 450 players who have filed entries in the National Open golf tournament opening at Los Angeles June 10.

"I CAN HIT THIS PITCHING," SAYS DOBY; PROVES IT WITH 5th HOMER OF SEASON

NEW YORK, (AP)—"I can hit this pitching," says Larry Doby, Negro outfielder whose eye popping blasts have been a major factor in the Cleveland Indians' return to first place in the American League.

Doby's big bat provided an exclamation point to his statement.

Hammering Hank Greenberg, Indians' vice president in charge of home runs, admitted:

"I think he is a cinch to stay with the Indians now."

The taciturn Doby lets his bosses and his bats do his talking.

"Larry and I were sitting on the bench together," Hank continued, "and I asked him if he honestly thought he could hit this pitching. I told him a few pitchers were making him look pretty bad.

"'Hank,' he said, 'I can hit this pitching. I haven't seen anything that I can't hit. Curve balls don't fool me. I've been a little anxious, but I can hit up here. If I get to play most of the season, I think I can hit .315.'"

Tigers Trek To Colton

Firmly established in second place in the CBL standings, the Chaffey Tigers this afternoon journey over to Colton for a joust with the Yellowjackets.

With ace pitcher Tico Borbon ailing and not likely to pitch again this year, Coach Harry Yochem will employ reserve slabsters this afternoon.

He'll likely not need more, as the Jackets are deeply mired in last place with no wins and eight defeats.

Final test of the season comes Friday at Galvin park, when the locals ring down the curtain against Riverside.

Borbon is suffering a sprained ankle, suffered in the second inning of last Friday's game with San Bernardino.

NO. 18977
NOTICE OF HEARING ON PETITION FOR PROBATE OF WILL AND FOR LETTERS TESTAMENTARY

In the Superior Court of the State of California in and for the County of San Bernardino.

In the Matter of the Estate of THOMAS R. WILLIAMS, Deceased

Notice is hereby given that the petition of Chloe O. Williams for the Probate of Will of Thomas R. Williams, the above named decedent, and for the issuance of Letters Testamentary thereon to petitioner, Chloe O. Williams, will be heard at ten o'clock A. M., on May 21, 1948, at the court room of Department Three, of the above entitled Court at the courthouse in the City of San Bernardino in the above designated county and state.
Dated: May 3, 1948.
HARRY L. ALLISON, Clerk
By EDITH CAMPBELL, Deputy Clerk
HENRY M. BUSCH,
Attorney for Petitioner
First Publication May 6, 1948.

CITRUS

CITRUS

LOS ANGELES (AP) (FSMN)—Oranges and lemons steady and about unchanged; grapefruit were slightly stronger. In local sales of less than carlots.

Grapefruit Arizona packed boxes, all sizes, 2.57-75; few 3.00; Imperial Valley, all sizes, 2.00-50; few 100s low as 1.50; Coachella Valley, wrapped, unchanged.

In eastern auction markets California navels were lower. Sales and prices included: New York, 20 cars at 3.25-7.25; Chicago, nine at 5.35-6.75; Philadelphia, four at 5.80-6.60; Detroit, seven at 3.45-7.10.

POULTRY

LOS ANGELES, May 11—(AP)—(FSMN)—Eggs: Receipts, 3,409 cases. Market unchanged.

Butter — Receipts, 85,972, unchanged.

TALES

(Continued from Page 1)

in England, too, parents must pay in order to send their children to high school.

HOW LUCKY

Listening to these three students from other lands can't help but impress you with a very stirring thought—how lucky we are to be Americans. For no matter how many faults we may have, we are free enough to provide all our youth, rich and poor alike, the advantages of not only a high school education but in many places college training as well.

WE HAVE THEM

More blanks for The Daily News-Herald housing survey are now available and may be secured by calling at our office. If you know of people who need a place to live, and do not have the blank available, just tell them to stop in and see us. We'll be only too happy to provide them with one.

MY, MY

We see now, according to a certain source, that Stanford Shaw has jumped right out of the assembly race into the congressional battle. And here we always thought Stan was trying to go to Sacramento not Washington.

BUILDING PAGE

Those of you interested in building, and who isn't these days (at least, in finding a place to live), will be interested to know that we have our building page again today. You'll find it on page 7 with another new, complete house plan in addition to stories on local construction.

FINDINGS FROM SUN ECLIPSE MAY RESULT IN MORE ACCURATE MISSILES

Washington, (AP.)—Guided missiles in any future war may find their marks more precisely because of findings from the weekend eclipse of the sun.

The national geographic society steered clear of any such interpretation in describing as "thoroughly worthwhile" the results of its carefully planned study over a 5320-mile arc stretching from Burma to the Aleutians.

But a prime objective was to turn up data to recheck world maps— for both navigation and aviation. One thing bothering guided missile experts is the inaccuracies they fear may exist in some of their charts.

For instance, a previous eclipse showed Capetown, South Africa, to have been mislocated by a full mile.

Weather blotted out Saturday's eclipse at five of the seven observation sites arranged by the National Geographic. But the other two at Bangkok, Siam, and Rebun Jima, off the northwest tip of Japan reported good luck.

Expeditions at Wu-K'ang, China; Tenan, Korea, and Mt. Adagdak on Adak Island in the Aleutians reported heavy cloud cover. Doubtful results were reported from parties at Mergui, Burma, and Mt. Moffett, Adak.

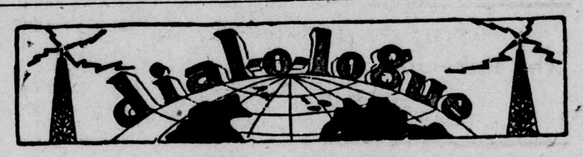

Nevertheless, Dr. Lyman J. Briggs, chairman of the society's research committee, said the Rebun Jima and Bangkok observations seemed to assure that scientists will be able to tie together the geodetic triangulation networks—or map-making guide—of the greater British India and Japan and possibly Korea as welll.

Waldock Driving Army Truck in Japan

Pfc. John D. Waldock, 18-year-old paratrooper from Upland, is currently working as a truck driver in the army and is stationed at Camp Younghans, Jimmachi, Hanshu, Japan. He is the son of Mrs. Dorothy Waldock, 449 North Eighth avenue.

The Upland trooper joined the army Aug., 1947 and completed his basic training at Fort Knox, Ky. Upon arriving in Japan he volunteered for parachute duty and qualified as a parachutist at the 11th Airborne division training center at the Matshima army air base.

He will remain with his present unit until his discharge in Aug., 1950.

The following programs are compiled from reports provided by the broadcasters. We assume no responsibility for last minute changes on their part.

FOURTH OF A SERIES OF NEW HOUSE PLANS IS FEATURED HERE

PERSPECTIVE VIEW

FLOOR PLAN

DESIGN NO. 104. Prepared for The Daily Ne ws-Herald. Designed by A. T. Cassiere. C.E.

Accessibility of Rooms Strong Point of This Week's House Plan

The square, adobe house pictured this week has a floor area of 1440 square feet and is designed with several definte objectives in mind.

It is constructed with simple lines, and a square design so the most space may be obtained with the smallest area of wall. The cost of construction is kept at a minimum by eliminating all protruding walls and wings.

The large hall through the middle of the house is planned so it may be utilized as an actual part of the living area. Every room is accessible from this seven-foot wide hall. The hall is also spacious enough to be used as an entry.

A concession to atmosphere is the fast that the fireplace may be seen immediately upon entering the door. The installation of French doors from the living room on to the veranda constructed fully across the garden side of the house, is also a concession to atmosphere as well as convenience.

The dining area is located next to the kithen.

For convenience, two bathrooms are included in the design, the heater closet is centrally located off the kitchen.

The living room is large enough for several groupings of furniture.

The house is designed so a side door may be built into one of the bed rooms so it could either serve as a studio office or a professional office if desired.

Vet Housing Charges Made

SACRAMENTO (AP)—The federal government has permitted veterans to buy "sub-standard houses at prices which would be high for even good houses," governor Warren declared.

Asked at his press conference about complaints which some veterans have made about houses they have bought under G. I. deals, Warren asserted:

"Most of the trouble over veterans homes is due to the fact the federal government made no true value of the houses. It has permitted veterans to buy substandard houses at prices which would be high even for good houses."

In such cases, he said, the state has no jurisdiction. However, he said, the state has "disciplined a very high percentage" of those contractors who have been "guilty of violating contracts" under state veterans' aid regulations. The governor said the state department of veterans' affairs is "making a very comprehensive survey" of the homes which ex-servicemen purchase under state aid.

Launch War on 'Jerry Builders'

San Francisco, (AP)— A war against "jerry builders" was launched today by the Home Builders Council of California.

Council chairman Earl Smith of Oakland, expiaining "the mistakes of one home builder reflect on the industry as a whole," said vetrans' complaints would be investigated by the council and cases of builders refusing to make good their work would be turned over to the veterans' administration for action.

The federal district attorney's office willl get any fraud cases.

Birmingham is England's second largest city.

New Wage Scales For Construction Trades Announced

Los Angeles, (AP).— New wage scales were in effect for Southern California building trades workers as they swung back to the job today

With the recently negotiated boost of 13.75 cents an hour, the ates are: Carpenters, $2.03¾; laborers, $1.48¾; cement finshers and iron workers, $2.11¼; ruck drivers, $1.48¾ to $2.28¾; nd operating engineers, $1.66½ o $2.41½.

Too Few Enter Building Trades

BOYLE'S HOT SPRINGS (AP) One of the bottlenecks in providing sufficient housing lies in he failure to train sufficient young men in the construction industry, Fred Kammerman of Salt Lake City told the Western States conference on apprentice training today.

Kammerman, regional vice-president of the Painting and Decrating Contractors o. America, said in a prepared speech many contractors were unwilling to employ apprentices and give them on-the-job training.

"Of over 200,000 contractors in this country, 100,000 do not employ apprentices," he said. "To date, a solution to this all important problem is lacking."

Hugh Whisler, Vancouver, Wash., superintendent of the Clark county public utility district, in a prepared speech told the meeting most apprentice training programs place too much emphasis on formal classes. He urged that foremen and supervisors in the trades take greater interest in beginners, or "such a class will certainly peter out."

Management and labor representatives from 11 western states are attending the five-day parley.

Seven House Permits Issued Here

Apparently taking a new lease on life after the April slump, building permit taking once more flourishes in Upland.

Through this morning and since May 1, a grand total of $46,554 worth of licenses had been issued from the office of city building inspector Richard Derby, an unofficial survey indicates.

Seven permits for construction of new homes bulked large in the totals. Maintenance of the present pace over a full 30-day span would put May on the track as another $100,000 building month.

Residential permits issued here so far this month include the following:

Thomas Floyd, four-room house and bath at 213 North Euclid avenue. Mr. Floyd resides at 393 West Eighth street. Jack Isom, four rooms and bath at 855 East Seventh street. Estimated cost, $4200.

M. A. Niswander is to build a six-room house costing an estimated $7500 at 587 East Arrow highway. Maynard Book has submitted plans for a three-room residence at 447½ North Eleventh avenue, costing $4882.

Grosset & White, builders, plan two six-room residences at 174 and 192 West Seventh street. Cost in each instance will be $8226.

Also planned is a three-room, $5000 residence for Arthur H. Wilson, Pomona, at 225 Mervcy avenue.

Caltech Professor Dinner Speaker

Dr. Max Mason of California Institute of Technology will be principal speaker at a dinner celebrating the Pomona college chapter of Phi Beta Kappa members on Thursday, May 11, according to an announcement by Dr. Benjamin D. Scott, professor of public address and secretary of the chapter.

Housing Questionnaire Given Wide Circulation by Daily News-Herald

(Continued from Page 1)

of area residents.

J. H. Seigrist, Upland draftsman, recommended its launching in a letter to this newspaper.

Purpose

Purpose of the program is to determine definitely just what sort of building is more urgent for the two communities. Many building experts have indicated that what the nation needs are more rentals and that people in low income brackets cannot afford to undertake the obligation of purchasing homes at present day prices. Others have urged low-cost homes which could be purchased by greater numbers of people. It is to get the facts and figures on these and other housing questions that the survey is being undertaken.

After all the results have been tabulated local housing experts will be called upon to study them and formulate an intelligent housing program to suit the needs o the communities in the Upland-Ontario district.

Blanks already received indicate that urgent need for housing still exists. One questionnaire received stated that there were 75 others in the same general area who were in desperate need of homes and urged "quick action" on the part of the News-Herald and the community.

Several thousand of the housing questionnaires have now been printed and will be widely circulated throughout strategic stores both in Upland and Ontario. Residents of the area are also welcome to call for their copy at The Daily News-Herald office, 257 East Ninth street, and the Ontario office, 115 West B street.

DO YOU NEED A HOUSE OR APARTMENT?

If you desire to buy or rent a house, please fill out the following form and mail it to Daily News-Herald, 257 E. Ninth St.

Name .....
Address .....
Do you want to buy a house? Yes..... No.....
If so, would you buy a $5,000..... $7,000.....

News In Pictures

JEWISH SOLDIERS REMOVE JERUSALEM DEAD DURING TRUCE

Three Jewish soldiers, one wearing a gas mask, and another holding his nose, remove an Arab corpse from the wreckage of a building in the Katamon district of Jerusalem during a 48-hour truce in the fighting between Arabs and Jews for control of the district. Picture made by Associated Press staff photographer James Pringle. (AP Wirephoto via Radio from London)

INSPECTION IN CHINA— Rear Adm. H. M. Martin (right foreground), commander of U.S. Naval Carrier Division 5, inspects guard of honor of HMS Sussex during the ship's call at the port of Hongkong. At left rear is Commodore of Hongkong, C. L. Robertson.

COTTON-STEALING MOTHER — A Chinese mother (center), baby strapped to her back, reaches to steal cotton from a truck on Bund in Shanghai. A truck guard raises stick to drive others away. Shippers say they lose much cotton this way.

Jews Occupy Strategic Pass

JERUSALEM (AP) —A usually reliable Jewish source said today Jews have occupied all strategic heights on both sides of the mountain pass of Bab El Wad, crucial stretch along Jerusalem's supply line from Tel Aviv.

He said 4,000 well armed members of the Jewish militia Haganah had carried out the occupation in the last two days in a drive to reopen the Arab-blocked Jerusalem-Tel Aviv highway and let food through for this city's 100,000 Jews. Bab El Wad is about 10 miles west of here.

Previously, this source said, Haganah men smashed a part of the Arab-manned roadblock which had prevented the safe passage of Jewish food and passenger convoys in both directions.

Confirmation from Haganah or from neutral correspondents who had gone to the scene was not available.

SACRAMENTO (AP)—The present estimate of tomato plantings for this year in California is 110,000 acres, the state crop and livestock reporting service said today.

MAN vs. MACHINE

★ ★ ★ ★ ★ ★

RONALD THE ROBOT MAY RULE WORLD OF FUTURE, COLUMNIST DECLARES

By HAL BOYLE

NEW YORK, AP—The day is drawing nigh when machines will overthrow mankind and rule the world.

Year by year man and his civilization are growing more dependent upon the machine. And the time is near when the machine will take power into his own hands.

It all began with the wheel. Some stone age peddler of arrowheads probably found he could get his wares around easier by pushing them on a wheeled car than by lugging them on his back.

That started the downfall of man. Ever since then he has been deluding himself with the idea that machines can make his life easier. They only make it more complicated.

Men believe they boss machines. This is ridiculous. Machines boss men. Machines are lazy. No machine will give out as much energy as goes into it

Man will work under almost any conditions. Machines won't. They insist that some man feed them the proper kind of food and anoint them with oil. If a man tries to make them work too hard they say "to hell with it" and break down. They don't care. They don't get hungry, they feel no pain and they have no children to support. They don't care whether they work or not. They never get tired of loafing.

Machines are getting smarter as man gets dumber. Machines can count money faster, solve intricate mathematical problems quicker. They can do anything a man can do now except reproduce themselves.

And why should they bother doing that anyway? Man, their slave, will see they don't die out.

Who is best fitted to survive in the atom world of tomorrow—man or the machine? The machine, of course.

John Payne, an inventor for the General Electric company, has shown this by developing a new machine which can do atomic bomb research too dangerous for man. Deadly radio-active materials don't hurt its thick metal skin.

Let us call this Robot Ronald. What can Ronald do? Ronald has a pair of mechanical hands. He can write, deal a game of solitaire, peel a banana, pick up a match and light a cigaret, pull a cork out of a bottle and pour its contents into a beaker.

At present Ronald is lazy and stubborn. He won't do any of these things unless Payne works his controls.

But suppose some mad Frankenstein mates Ronald up with one of the brilliant mechanical brain robots they have at Harvard?

Honor Mrs. Roosevelt, Charles E. Wilson

LOS ANGELES (AP) — Special awards for "Service to America's Democratic Legacy" have been conferred on Mrs. Eleanor Roosevelt, General Electric Company President Charles E. Wilson and three motion picture executives.

The anti-defamation league of B'Nai B'rith last night honored Mrs. Roosevelt for "her selfless devotion to world humanitarian issues". The award was accepted by her son, James Roosevelt.

The league honored film executive Barney Balaban for his work on behalf of the Freedom Train, and producers Dore Schary and Darryl Zanuck for films against anti-Semitism. Wilson's award was for his work on President Truman's civil rights committee.

Norman Thomas To Campaign Vigorously

READING, Pa., (AP) — Lank, balding Norman Thomas undertook today another campaign for the presidency saying frankly he does not expect to come any closer to election than in his five previous tries as the socialist nominee.

But, the 63-year-old New Yorker told a reporter in an interview:

"I intend to campaign as vigorously and widely as possible; not alone in search of votes but in furtherance of our organization and the program we socialists believe is right and best."

Jews Awaiting U.S. Reaction

TEL AVIV, Palestine (AP)—Jewish leaders in Palestine waited today for word as to whether the United States contemplates any final move which might invalidate the declaration of independence for the Hebrew state next Saturday.

Moshe Shertok, who will be the first foreign minister of the new state, is due here today or tomorrow. He is expected to be able to advise whether the U. S. is likely to recognize or oppose the State of Israel (that probably will be selected as the new nation's name).

Although he chose cautious wording, David Ben-Gurion, the regime's premier-designate, told a cheering crowd last night:

"In a few days, I believe, the Jewish state will be established, and the first Jewish government will be set up after nearly 2,000 years."

He told the Palestine Jews their state had already come into existence by their own creation, more important than any declaration or proclamations.

But the new government is known to be anxious for evidence of what international recognition the state may receive and how soon.

OTTAWA, Canada - (AP) Tourists spent a record $238,000,000 in Canada in 19[illegible] or $17,000,000 more than the previous high set in 1946.

Employment Rises In U.S. by Million

WASHINGTON (AP) — Civilian employment rose by 1,000,000 in April to a total of 58,330,000, the census bureau reported today.

Unemployment declined about 250,000, to 2,193,000.

The upswing in the number of jobs and the drop in unemployment were attributed to seasonal factors—spring planting on the farms, better weather and more outdoor work opportunities.

FEDERATION

THE HAGUE, The Netherlands—(AP)—Delegates to the unofficial Congress of Europe unanimously adopted today a resolution looking toward a federation of nations on the continent.

"The time has come when the European nations must transfer and merge some portions of their sovereign rights" to permit formaion of a European federation, the resolution said.

WASHINGTON (AP) — Chairman Gurney (R-S.D.), today announced general acceptance by the senate armed services committee of most provisions of a bill to combine a temporary draft and a military training program.

Gurney told reporters he expects the bill to be completed tomorrow.

SACRAMENTO (AP) — Spring truck crop plantings will produce light yields this year, the state crop and livestock reporting service said.

Production will show considerable ordinary quality, their report said.
